Professional Summary

Computer Science undergraduate with practical experience in Machine Learning, Deep Learning, Natural Language Processing (NLP), and FastAPI. Skilled in developing predictive models, NLP applications, and data-driven solutions using Python and modern AI frameworks. Possess hands-on industry exposure through a 3-month internship and approximately 1 year of project-based experience.

Technical Skills

Python, Machine Learning, Deep Learning, NLP, FastAPI, REST APIs, Pandas, NumPy, Scikit-learn, TensorFlow, Keras, Matplotlib, Seaborn, Git, GitHub, Jupyter Notebook

Professional Experience

Machine Learning & NLP Developer (Projects & Self-Learning Experience) — 1 Year

Developed ML models, NLP applications, FastAPI-based model deployment solutions, and predictive analytics projects.

Saahil Tech — Machine Learning Intern — 3 Months

Worked on data preprocessing, machine learning tasks, NLP projects, and collaborated with development teams on AI solutions.

Projects

- Text Summarization System
- Spam Message Classification System
- Machine Learning Prediction Models
- FastAPI-Based ML Model Deployment
- Data Visualization Dashboard

Education

BS Computer Science (2022–2026)
Government College University Faisalabad

Certifications

NAVTTTC – Artificial Intelligence (3 Months)
